Dear Parent,

This is to bring to your kind notice that your son/daughter Mast. /Ms. -----
-----Studying in 9th grade is currently not showing any noticeable improvement in academics. So far we have conducted two periodic tests and several monthly and revision tests from time to time. His/her performance in the periodic test as well as in the monthly test is consistently showing falling trend. The school has left no stone unturned for the academic development of students. Quality homework, supervised study, timely syllabus completion, chapter wise revision, revision tests, understanding student's problems through student's feedback, parent's feedback, execution of feedback suggestions etc. are the efforts taken by school on regular basis. Besides, ALP classes are conducted for extra guidance for major subjects like Math and Science.

You are constantly informed about the student's academic progress through platforms like feedback calls, PTM, one to one meeting, and class wise special meeting. We are sorry to say that in spite of all these efforts, your ward is constantly falling short of expectation.

Till date he/she has not passed in any of the Grade 9 Assessments. If he/she continues with the same performance the aggregate result shall be 'FAIL'. As per the CBSE norms, we cannot promote your ward if he/she fails to perform as per. You are hereby intimated to take note of it seriously. School shall not be held responsible for the final result.

If you wish to discuss further on this issue, please feel free to contact the vice principal of the school.

Thank you for your support

Warm Regards,

Principal
