

Euphoria Issue -6 Cover Page Drawing Competition

Dear Students

During this year, the COVID-19 pandemic has turned our lives upside down and changed not just the way we live and work but also how we think and behave. Every part of the world has been affected and every aspect of life has been impacted. While we stop and look at the world around us, we cannot help but realize what we used to take for granted are actually the small things that we must appreciate the most.

Humans are basically very adaptive and life is more flexible than we think. This pandemic has been a testament to just how humans can be flexible and creative in the face of uncertainty. Despite the differences and distance between places, we are battling the same virus and having the same struggles. It's a reminder of just how is the world interconnected on many levels.

This pandemic has made us reevaluate the life and be prepared for any future threat. While we have learned a lot from it, there is a lot in future that we need to combat. So, here we are with an innovative drawing competition for the School Magazine 'Euphoria Issue- 6'. The best drawing will be selected by a committee of experts as the Cover Page of the School Magazine. The student whose drawing gets selected will be felicitated during the mega event 'Annual Concert'.

Theme for the Drawing Competition- '*Unpredictable Future Threats to Human Existence*'

Students must click a nice photo of their drawing and send it to their class teachers by Monday, 4th January 2021. Make sure that the drawing is vertical. You can use any media (colour).

So, what are you waiting for? Let your imagination go wild and bring the best out of you.

All the Best!

Regards

Principal
