Dear Parents,

Greetings!!!!

It takes immense pleasure to inform you about the DCPIS Olympiad School initiative for the academic year 2023-24. Considering the challenges in future education we are providing a platform for students to build the twenty first century skills like critical thinking, ingenuity, agility and problem solving by organizing foundation classes and preparing the students for future in this global world. These classes improve thinking capacity, problem solving skills and inculcate competitive spirit in the students. It is the stepping stone of preparing them for other Competitive exams. Strengthening student's capacities to face the challenges is a need of the time where foundation classes will grip their hand and support them to tackle these exams confidently.
